

Hot Hand Labels Warn of Hazardous Situations in the Workplace

Telatemp's opaque black 1 1/2" diameter Hot Hand Warning Label with self-adhesive back adheres to any surface. Appearing blank when cool, the label will clear at the rated temperature revealing the word "HOT" in an attention getting warning graphic.

Many applications exist for the Hot Hand Warning Label such as; electric motors, gas and diesel engines, pumps, valves, furnaces, boilers, ovens, steam pipes and water heaters or any surface that could radiate excessive heat and injure workers or customers. The Hot Hand Warning Label can help promote a safer workplace in all industries from automotive to hospitals to restaurants.

FEATURES:

- Opaque black labels - reveal attention getting graphic
- Adhesive-backed on release liner
- Small size for easy application to uneven shaped or curved surfaces
- Reversible temperature indicator

TO ORDER:

- R50B 50°C Hot Hand Warning Label Black

SHELF LIFE: 12 months from date of shipment when stored at room temperature.

WARRANTY: The following is made in lieu of all warranties, expressed or implied, including the implied warranties of merchantability and fitness of purpose: Seller's and manufacturers only obligation shall be to replace such quantity of the product proved by Telatemp Corporation to be defective.

LIMITATION OF LIABILITY: All physical properties, statements, and recommendations are either based on tests we believe to be reliable or our experience, but they are not guaranteed. Telatemp Corporation recommends each user determine the suitability of the products for the intended application. Telatemp Corporation shall not be liable for direct, indirect, special, incidental or consequential damages based upon breach of warranty, breach of contract, negligence, strict liability or any other legal theory.
