11084	8°C / 46°F	2/4 Hours
11254	25°C / 77°F	2/4 Hours

THE VARCODE ADVANTAGE

$ COST EFFECTIVE
At a low unit cost, Varcode Smart Tag Plus Data can be utilized for every pallet, case, box, unit, and delivery. Providing valuable information on packaging success, product safety, and more

NEXT-GEN TECHNOLOGY
Our patented technology delivers measurable benefits beyond what incumbents provide today. Our Smart Tag™ monitors time over temperature by using technology that is more reliable and accurate than current industry standards.

ACTIONABLE DIGITIZED DATA
No data crunching is required! With a simple scan, Varcode removes subjective reading errors and permanently digitizes the data needed to make intelligent business decisions.

OPERATIONALLY EASY
Enhance and extend your current operations seamlessly. Varcode requires no batteries, no new hardware or software. Integrated in to your current operations or implemented on its own.
